

FALL season

CHRYSANTHEMUMS CATALOG

In Carmel Flowers we are characterized by the passion that drives our processes, allowing us to provide our customers with beautiful products of excellent quality. We seek with each of our flowers to convey the qualities that represent those who belong to our team: love, dedication, commitment, care, passion, creativity, and joy. That is why we are proud to present our Bronzes catalog; a special edition that we have lovingly designed to expose the wide variety of chrysanthemums that are produced in our farm for this season.

In this catalog we seek to share, beautiful products that accompany each of the stories that autumn brings us, we want to connect with the emotions that are latent at this time of year, and be part of the inspiration, love, and gratitude of each experience; we want to vibrate and transcend with new beginnings.

We are excited and proud to announce the results that with the effort of our work team we can share with the world today, which undoubtedly is part of the achievements that we have built together and reaffirms our commitment to quality, innovation, and sustainability.
